WORK EXPERIENCE

Alusoft Technologies Ltd, Ibadan, Oyo, Nigeria
Full-stack Web Developer Jan 2022 – Present

As a Full-Stack Web Developer on the company's development team, I leverage my expertise in Javascript, PHP, and Laravel to deliver scalable and customized software solutions. My key contributions include:

- * Designing and developing customized websites that enable easy modification without compromising the codebase.
- * Creating reusable website templates with complete functionality.
- * Leading front-end development with React, resulting in a 20% increase in user engagement through intuitive user interfaces.
- * Implementing efficient backend solutions in Node.js to ensure seamless API functionality for data exchange.
- * Collaborating with UX/UI designers to translate wireframes into responsive and visually appealing web applications.
- * Conducting code reviews and mentoring junior developers to foster a collaborative and knowledge-sharing environment.

EDUCATION

National Open University of Nigeria
B.Sc Computer Science Graduation Date: Apr 2026

PROJECT EXPERIENCE

Inventory Management System
Developer

- * Developed a comprehensive inventory management system using HTML, CSS3, Bootstrap, JavaScript, Express.js, Node.js, and MySQL to optimize processes and enhance efficiency.

E-commerce Platform
Developer

- * Created a robust e-commerce platform with a Flutter UI front-end, focusing on user-friendly features and secure transactions, implemented with Express.js, Node.js, and JavaScript.

Editable Website with Laravel
Developer

* Developed a fully functional website with Laravel, encompassing both front-end and back-end functionalities, ensuring seamless editing capabilities for content updates and a smooth user experience, utilizing HTML, CSS3, Bootstrap, PHP, Laravel and MYSQL.

SKILLS & INTERESTS
